

WELCOME

Historic Hawes Farms Staff Members

Whether you are a returning staff member or new to Historic Hawes Farms, we would like you to know how much we appreciate having you as part of our team.

Our job is to provide guests with memories that last a lifetime! As owners and managers, we will do all that we can to help you be successful in whatever role you play and always welcome your ideas. We hope you enjoy your fall season with us and that it is filled with pleasant memories as you work and play at Historic Hawes Farms.

FORMS NEEDED

Calendar

- The completed calendar tells us when you are available to work. We use this to make your work schedule, which may not include all the days you requested. Also included on the calendar are black-out days. Black-out days are our busiest days so we need all hands on deck. Time off will not be granted on black-out days.

W-4

- This needs to be filled out each year by new employees. The address you put on the form is the one your last paycheck and W-2 will be mailed to at the end of season. If, for any reason, your address changes, please inform Nikola or Myisha before the end of season or send a message on Homebase.

Job Application

- This needs to be filled out only once whether in person or online (if online we will print it out).

Immigration Form I-9

- This work eligibility form is required by law for everyone, and **needs to be filled out before your first day of work,** along with a photocopy of your Social Security card and Driver's License.

Homebase(All Employees, haunted or general, will use homebase!)

- Homebase is our timeclock. This is an app that can be downloaded onto your phone. You can clock in and out with this app.
- If you do not have a phone or do not wish to have this app downloaded you will still use homebase, but will be given a pin to clock in and out through a general iPad at the farm.
- **What you receive**
 - Nametag
 - Work Schedule (Schedule may be subject to change depending on park attendance, weather or staffing availability).
 - One Hawes Farms staff shirt. Additional shirts can be purchased.

As an employee, you will receive a 50% discount on food while you are **ON shift. The discount is not valid when you visit as a guest and are not working. It is also not available to family and friends whether you are on shift or not. You're only permitted to use Employee Hawes Gulch Bucks (green in color) when purchasing food or drinks. The Green HGB's are sold at 50% face value so you will be charged full price at the different food stands. For example, for \$20 you can purchase \$40 worth of Green HGB.

MEET OUR 2019 MANAGEMENT STAFF

Greg & Nikola Hawes - Owners

Liz Andrews - General Manager

Tim & Jenni McCarthy - Maintenance Manager

Jamie Simonis - Field Trip Coordinator

Scott Moore - Hawes Ranch & Farm Supply Manager

Faith Currie - Food Manager

Myisha Carpenter - Ticket Booth Manager

Trevor Creller-General Attractions Manager

THE PHILOSOPHY OF HISTORIC HAWES FARMS

#1. Our mission is to Create Magical Memories

We call these magical memories M&M's and they are defined as "surprises" or "unexpected moments" for a guest of HHF. We try hard to exceed our guest's expectations by making HHF a genuinely FRIENDLY and CARING environment.

We EMPOWER each other by....

Trusting and encouraging each other.

Believing that each one of us is an important contributor.

Treating each other with respect and honesty.

#2. Our mission is to CREATE HAPPINESS.

Walt Disney's Philosophy for his guest's happiness was to:

KEEP IT CLEAN

KEEP IT FRIENDLY

MAKE IT A FUN PLACE TO BE!

#3. Our mission is to CREATE A SHOW and that happens through you, our staff members.

Walt Disney once said, "You can dream, create, design, and build the most beautiful facility in the world, but it requires people to bring the magic alive." YOU are the magic that brings Historic Hawes Farms alive. YOU are the ones that make visitors feel welcome, special, and happy. You do it by being friendly, polite, helpful, and by smiling. These are the ingredients that make the guest's visit complete, and help bring them back year after year. You'll know you are doing a good job when you see the smiles on their faces.

FAMILY BACKGROUND & FUN FAMILY FACTS

William Hawes, in the 1850's arrived in Shasta County. He started acquiring land shortly thereafter near what was called Horse Town, out Clear Creek Road in south Redding, west about 10 miles. He mined for gold for several years. Later, he moved to Anderson and started

managing the Anderson Hotel. Several years later, in 1863, he purchased the property where our farm is today. In 1872, he built the 2 story farmhouse with his wife Rebecca. They had several children. Several years later, Rebecca passed away. Later, he married Henrietta Jung, and they had one son, Jacob, who is my Great Grandpa. Jake became a County Supervisor in the 1920's, and he was on the board when the Dersch bridge crossing Stillwater Creek was built. He and his father acquired nearly 3,000 acres of farmland during their era. They farmed around 200 acres of wheat and raised cattle and hogs. The father/son had the first mule powered grain harvester in the valley back in the early 1900's. Jacob and his wife Lilly Ann Grimmer had 4 sons and 1 daughter (Viva). The 4 sons, Ray (my Grandpa), Roy (Ray's twin brother), Mel, and Fred each received 4 parts of the ranch. Years later, Fred's wife Elizabeth and their two daughters (Lillian and Lola) and son Johnny sold their ¼ of the ranch; and Roy's son Daryl sold his ¼ of the ranch. My Father, Glenn and I (Greg) still operate our portion of the ranch, and Mel's son Harry still operates his portion which is just East of ours (includes the old farm house).

My Father and Mother, Glenn and Wanda, had 2 kids, myself (Greg) and my sister Lori. Lori teaches 2nd grade at Millville. My parents met while attending college at Chico State, and were married in 1964. They farmed everything from alfalfa, grain, pumpkins, watermelons, onions, cucumbers, potatoes, and the list goes on; and raised cattle, sheep, and hogs over the years. In 1977 they started the feed store, Hawes Ranch and Farm Supply, featuring a wide variety of hay, and supplying the areas farmers fertilizer and seed needs. In 1994, my parents, sister, and myself purchased one of the last Farm Coop's, the Tehama Farm Supply in Red Bluff. Both feed stores remain in business today serving local farmers and backyard enthusiasts.

Today, my wife Nikola and our middle kids all work in some way on the farm. Our youngest, Grayson is now 1 years old! Grayce is the next youngest at 4. Next in line is Andrew, Cody, Lillie, and Garrett all who help on the farm in some manner. My oldest is Danielle, and she brings her family to our farm each year with her husband and 2 small children.

In 2005, I started the "Agritainment" portion of our farm. I had been growing pumpkins and selling them to local stores such as Holiday, and I had all of the Winco stores from Redding to Temecula. As trucking costs grew, and finding good labor to pick and pack the pumpkins kept getting harder, we decided to start a corn maze and pumpkin patch for the community. Our first year corn maze featured a pirate treasure ship with the words Shasta County, A place to Treasure. Since then, we have had corn mazes shaped as Scooby Doo, Johnny Cash, our roller coaster, Megan Rapinoe, and this year we are featuring a local non-profit organization called "We Back the Blue - Shasta". We are entering our 12th season.

Each year, we reinvest any profits back into our farm by adding attractions that kids and adults alike will enjoy. We started with a Cow train and corn maze, and have added haunted attractions, a roller coaster, a real train, tractor drawn trains, many fair type concessions, and this year go karts and bumper cars. My dream is to recreate the old fair feel. The old fashioned

lights, dance floor under the stars,, the watering hole, and some great concerts make magical evenings!!!

When my family started farming this ground about 150 years ago, 98 out of 100 people were farmers. Today it is 1 out of 100 people that farm. Our farm opens up each fall for our community to show kids (and some adults) what a real farm is and what goes on.... In a fun fair type way. Our pony rides, trains, coaster, bumper cars, go karts attract tens of thousands of families to our farm to get back to our roots in a way they will always remember. When you see young kids picking that perfect pumpkin, or climbing on the back of a pony and taking a stroll through the maze, or riding a zip line for the first time, you will know what I mean.

We still farm; currently over 1500 acres of wheat, and grow walnuts, watermelons, onions, peaches, apples, tomatoes, corn, and many more crops. Our walnut orchard, which the Hawes Express railroad goes through, are Chandlers variety. The orchard was planted in the late 1970's, so it is almost 40 years old. The Chandler Walnuts (an English Walnut variety) were grafted on Black Walnut rootstock. In the 1990's we "in-arched" Paradox walnuts into the black walnut base to make a more vigorous rootstock.

One last note: Tell me what you think of our bathrooms this year!!! While not the most glamorous attraction, I have been working towards nice restrooms for several years; and have finally put them together. Like most everything on our farm, we have welded and created most everything you see here. I was, as well as many of you, born to build and create things. I hope you enjoy our farm and the agritainment venue we have created for our community to share.

Thank you, Greg Hawes and family

THE SPIRIT OF HOSPITALITY

How do we create Happiness and memories worth repeating at Historic Hawes Farms?
By “catching” the Spirit of Hospitality.

#1 KNOW SAFETY

Safety must be built into everything we do. The safety of the guest is a first priority. You are empowered to change anything that is unsafe or let someone in charge know of an unsafe situation.

#2 CLEANLINESS

All of us should be watching for trash and picking it up at all times. It is part of creating a happy environment for our guests. It is especially important if you are working with food to have a clean counter or work space.

#3 SMILE

Smiling tells our guests that you are having fun and they in turn will have a good time. How you respond to them, such as your tone of voice is also very important.

#4 KNOW THE ANSWERS

Acquaint yourselves with information about HHF by studying this employee guide, visiting www.HistoricHawesFarms.com and familiarizing yourself with the event by exploring each area. If you don't know an answer, ask your supervisor and help guests the best you can.

#5 MEET AND GREET

Courtesy is important because the first time guests visit HHF they come for the “SHOW” The second time they come is because they enjoyed their first experience. This word-of-mouth advertising and the repeat business is essential to our success and highly dependent on you.

#6 ASK QUESTIONS

Customers like to talk about themselves and their family.

Ask where they are from.

Ask if they need help with anything.

Ask if they are having a good time.

Ask what they like best about HHF.
Ask the children those questions too.

#7 READ THE GUEST

Use basic common sense and treat people the way you would want to be treated.
Anticipate what questions or problems a guest may be experiencing.

THE GUEST

You may have heard of this policy before:

Rule #1: The customer is always right.

Rule #2: If the customer is ever wrong, reread Rule #1.

The words are obviously UNTRUE, yet why would a successful business person, Stew Leonard, who wrote those words, promote such a philosophy? Because he and his employees know the real truth. This is that:

“CUSTOMERS ARE NOT ALWAYS RIGHT, BUT THEY ARE ALWAYS OUR CUSTOMERS!”

As one of our staff members, you have the power to satisfy and delight them and keep them coming back again. To do this, you need to act smart and know more about the products and activities than the guest does. Remember that guests, like you, are human and have faults and feelings. When a guest is wrong you need to use your skills to make things right for them, but in a way that neither embarrasses or blames them.

WHEN TO SAY “THANK YOU” TO GUESTS

1. When they do business with Historic Hawes Farms.
2. When they compliment you or HHF. Accept a compliment gracefully with appreciation; we want you to be proud of our business too.
3. When a guest offers a comment or suggestion (even if you've heard it a thousand times) thank them and let them know you value their opinion.
4. When they recommend HHF to to others.

5. When they are being patient...or not so patient. Thanking them for their patience is a way to defuse guests that have been waiting in line for a long time and are not happy about it.
6. When they complain to you. Guests who tell you they are unhappy are giving HHF a second chance. You now have a chance to win their renewed loyalty and patronage, as well as diffuse bad word-of-mouth advertising.

When dealing with an upset guest, use the LAST technique!

LISTEN! We want our guests to feel heard! Make eye contact and wait until they have finished before you start to speak.

APOLOGIZE! Even if it wasn't your fault -- if nothing else, apologize for the bad experience. If it was your/our mistake, OWN UP TO IT!

SOLVE! What can we do to solve the problem right now? Do what you can to satisfy their needs, and call for help if you are unsure.

THANK! Thank the guests for bringing the matter to our attention. Constructive criticism helps make CCAF better!

**Call your supervisor if you feel overwhelmed or unable to handle the situation.
We are here to help YOU!!

~BASIC TRAINING~

- 1. If you open it, CLOSE IT!**
- 2. If you turn it on, TURN IT OFF!**
- 3. If you unlock it, LOCK IT!**
- 4. If you break it, REPAIR IT!**
- 5. If you can't fix it, CALL IN SOMEONE WHO CAN!**
- 6. If you borrow it, RETURN IT!**
- 7. If you use it, TAKE CARE OF IT!**
- 8. If you make a mess, CLEAN IT UP!**
- 9. If you move it, PUT IT BACK!**
- 10. If it belongs to someone else, GET PERMISSION TO USE IT!**
- 11. If you don't know how to operate it, LEAVE IT ALONE!**
- 12. If it doesn't concern you, DON'T MESS WITH IT!**

Safety on the Farm

Above all other as far as importance is safety on the farm. At the top of the safety list is tractors and powered vehicles. If you are not trained on a particular tractor or powered vehicle, do NOT drive or operate it. Failure to adhere to this rule means automatic dismissal immediately. No question or excuses or reasons needed.

If anyone ever sees a tractor pulling a trailer with a single drawbar hooked to a trailer with a single tongue, park the tractor immediately. This hookup is unsafe without a double clevis. If this does not make sense to you, then you have not been trained.

Never drive too fast. Customers perception dictate the appropriate speed. When in doubt, drive slower.

Never get off a tractor parked on any incline. Period!!!! Radio or call for help if a tractor stalls on a hill/incline. Keep on the tractor seat with brake pushed in until a manager/owner arrives.

STAFF MEMBER POLICIES

EMPLOYMENT

It is Historic Hawes Farms policy to hire those applicants who are best suited for the job and possess the necessary skills, education, experience and qualifications.

HONESTY

Success in any work environment depends on trust and credibility between co-workers. We have to be honest and are intolerant of dishonesty whether that is calling in sick to get an unscheduled day off or offering our products to a friend without payment.

You have been entrusted with many rights and privileges while working here. Recording security cameras are used in various work locations throughout HHF to protect from theft and for the protection of our staff members and guests.

FIRST AID

First Aid Kits are located at many places around HHF including; the Ticket Booth, Customer Service Booth, Diamond Lil's, Grubsteak, SweetShoppe, Sugar Shack, Kettle Corn. If a guests or staff member is hurt, treat with first aid and contact staffed EMT if needed.

GENERAL EMERGENCIES

The following section covers a few of the emergencies that could occur at HHF and list the actions which should follow. It is important to note that when dealing with an emergency of any kind, to remain calm and to make the best judgement possible considering all factors present. The first step is to always assess the situation by stabilizing the victim(s) and reporting the accident to your immediate supervisor by radio. Supervisors should immediately contact management before assisting the victim.

EVACUATION PLAN

The following are general evacuation procedures to follow in case of an emergency evacuation:

- Leave through the nearest exit.
- Meet in the nearest designated area while avoiding the hazard. The primary designated meeting area is the main parking lot north of the ticket booth. In case of an emergency involving the primary designated meeting area, the secondary meeting area is in the Old West Town, north of the pumpkin patch/corn maze.
- Walk briskly, do not run.

- Do not use fire extinguishers/emergency equipment unless trained to do so.
- Keep roadways and entrances clear for emergency vehicles.
- Report to your immediate supervisor.
- Follow the directions of emergency response personnel.

LOST CHILD OR PARENT

Upon receiving notification of a lost or missing person, assure the parent or guardian that you will do everything reasonably possible to locate their child. Immediately do the following:

Obtain a detailed description of the missing person (write it down)

Name, Age, Gender, Height, Weight, Hair Color, Clothing description, Report the information to your direct supervisor so they can make an announcement.

Advise the parent to look for the child in the area the child was last seen and to check back with the Main Ticket Booth until the child is found.

Should you find a lost or missing person immediately do the following: Take them to the Main Ticket Booth. The ticket booth will announce a description of the lost child until the parent arrives and gives the correct name of the child.

LOST ITEM

Take the item to the Main Ticket Booth and record in the lost and found binder.

FIRE

NEVER attempt to extinguish a fire that exceeds your level of training. Call 911 immediately if the fire is not contained. Initiate the evacuation plan. Follow the directions from emergency personnel.

WORK SCHEDULES

You are very important to the operation of HHF. We want your work here to be both enjoyable and a way to earn money. You can count on being treated with respect at all times, just as we expect you to treat other staff members and guests with respect.

Because the nature of the business, flexibility is needed. If there is inclement weather, then we may not need you to come in, or there may be times that you're sent home early. **If you are sent home, but rode with another employee, you will need to clock out until the person you rode with has clocked out as well.** Your supervisor may send you periodic changes/updates via emails or texts will be issued if we are closed due to weather.

BREAKS

Staff members have assigned hours. You are entitled to **meal** and rest **breaks**: a 30-minute unpaid **meal break** if you work more than 5 hours in a workday, and paid 10 minute **breaks** for every 4 hours you work. You must clock-out and clock-in for meal breaks.

Try to arrange breaks during slow periods or when someone can cover for you. On weekends, the food booths are very busy serving guests, so we suggest you bring your own food as the lines for our food can be very long.

TIME CARDS

Time cards will be electronically kept. We use a computer program called "Homebase" to track our schedules and your clocking in and out. This is an app you will need to download on your phone, if you do not have a phone then you can use the ticketbooth ipad as your clock in and clock out station.

PUNCTUALITY

Guest satisfaction is a top priority at HHF and a guest will be disappointed if they come to HHF to find some of the locations are closed because our staff is late to work. Please contact your supervisor if you know you are going to be late so that others can cover you. **All staff needs to be in their appropriate spot and ready to go at the time their shift starts.**

GOLF CART

Supervisors must give permission for any employee to drive the golf carts. NEVER drive fast around our guests.

DRESS CODE AND APPEARANCE

We have a dress code to ensure that our staff is identifiable to our guest. A shirt will be provided by Historic Hawes Farms. If you would like to purchase additional shirts you may do so at the ticket booth.

Name tags are an essential part of your uniform and will be issued on or before your first day of work. The name tag should always be worn on the outermost garment. Wearing a nametag shows our guest that we care and want them to know our names.

Name tags are to be worn at all times. Leave your name tag on the metal name tag rack when you leave your workstation.

Please remember that your appearance is a reflection of HHF. Pants are to be worn at waist level. NO low riding or low cut pants are acceptable. Pants and shorts should be free of holes and clean. Closed shoes or boots only. No flip flops or sandals. This is a working farm with potential hazards and safety is always our number one concern for employees and guests.

As it gets colder, please be sure to wear clothes that are warm enough. It is hard to have fun and be happy when you are cold. Layers can be helpful in dealing with temperature changes throughout the shift.

We do not allow the use of cell phones or any electronic devices during your shift, as our goal is for you to be engaged with the customers. You can not be present with our guests while on your cell phone. We ask that you leave those items at home, in your car or in your purse/backpack. If your parents need to reach you, they can call the ticket booth at 530-365-8488. If you're caught using your phone during working hours, your phone will be taken away or you will be sent home at the discretion of your supervisor.

RADIO ETIQUETTE

- When using a two-way radio **you cannot speak and listen at the same time**, as you can with a phone.
- **Don't interrupt** if you hear other people talking. Wait until their conversation is finished unless it is an emergency. If it is an emergency, inform the other parties that you have an urgent emergency message (see "Emergency Calls" below).
- **Do not respond if you aren't sure the call is for you.** Wait until you hear your name or location before you respond.

Perform radio checks to ensure your radio is in good working condition.

- Ensure the battery is charged and the power is on.
- Keep the volume high enough to be able to hear calls.
- Regularly make radio checks to make sure everything is working and that you are still in range to receive signals.

Think before you speak.

- Decide what you are going to say and to whom it is meant for.
- Make your conversations as concise, precise, and clear as possible.

- Avoid long and complicated sentences. If your message is long, divide it into separate shorter messages.

4 Golden Rules of Radio Communication

1. **Clarity:** Your voice should be clear. Speak a little slower than normal. Speak in a normal tone, do not shout.
2. **Simplicity:** Keep your message simple enough for intended listeners to understand.
3. **Brevity:** Be precise and to the point.
4. **Security:** Do not transmit confidential information on a radio unless you know the proper security technology is in place. Remember, frequencies are shared, you do not have exclusive use of the frequency.

MAKE A CALL

- First listen to **ensure the channel is clear** for you.
- **Press the PTT** (Push-To-Talk) button.
- After 2 seconds:
 - **Say "Ticket Booth"**
 - followed by **"This is Grubsteak"**
- Once the person replies, **convey your message**.

Emergency Calls

If you have an emergency message and need to broadcast over the radio

- State "EMERGENCY TRAFFIC" repeat twice
 - State the location of incident and type of incident.
 - For lost child:
 - Name
 - Age
 - Gender
 - Height
 - Weight
 - Hair Color
 - Clothing description
 - Radio traffic is very limited and is for emergency traffic only.
 - Do not use radio unless a supervisor has announced return to normal traffic.

Open September 28th through October 28th

Hours/Ticket Prices

Mums and Pumpkins: Open to the public for pumpkin picking and some courtyard activities not managed by staff.

See Website for hours and pricing

Hawes Haunts

Dates: Sept. 28th, Oct. 4th, 5th, 11th, 12th, 18th 19th, 25th, 26th

Open Fridays 7-10pm (Last ticket sold at 10pm)

Open Saturdays 7-11pm (Last ticket sold at 11pm)

Includes:

Alien Odyssey: Embark on a journey of Alien shock and horror as they have landed in our corn maze. You will start by entering a Control Room to prepare for lies ahead ... wait! We cannot tell you more or it would ruin the excitement!

Field of Screams [this is the dark maze field]: Trudge out into the blackness, down rows of dark, rustling stalks of corn. Steel yourself for hands that may reach out for you from the graves reported to be here. Can you hear Ezra coming? He can hear you.

Zombie Paintball: Always a favorite Fall attraction at Hawes Haunts. A ticket for the Zombie Paintball Hayride is included with your HawesHaunts admission, but to board, you must purchase paintballs. (No outside paintballs allowed!)

Sinister Tool Shed: Something inhabits the dark Tool Shed. You can tell by the shrieks and howls. The most macabre sounds and smells come from its walls, day and night. Dare you go in?

Weekend Pickin' Pass
